

The Caño Island excursion is a must for snorkellers and scuba divers who want to explore Costa Rica's beautiful underwater world. The island is located off the coast of the Osa Peninsula in the south of the country and is known for its impressive coral reefs and variety of marine life. During the excursion you will have the opportunity to snorkel or dive in crystal clear waters and see fascinating marine species such as colourful fish, sea turtles, rays, sharks and even dolphins or whales.

Caño Island is also a place of historical importance with archaeological finds from pre-Columbian times. Enjoy the unspoilt beauty of the island and experience an unforgettable adventure in the waters of Costa Rica.
