

Experience an enchanting adventure on a horseback ride through rivers, the jungle and untouched nature. This tour offers two options: a half-day tour and a full-day tour, both of which guarantee unforgettable experiences.

On the half-day tour you will ride along the river and even through the river itself. It is recommended to wear shoes that can get wet, as you will have the unique experience of wading with your horse through the cool water. During the ride, you can enjoy the picturesque surroundings, which are characterised by lush greenery, rushing rivers and diverse wildlife. The half-day tour is perfect for those who want a taste of riding in nature.

The full day tour takes you even further into the wild beauty of nature. You will ride up to a breathtaking waterfall where you will have the opportunity to bathe in the refreshing water and admire the surrounding nature. This ride offers a perfect blend of horse riding and nature experience. Participants are often overwhelmed by the magic and beauty of the surroundings.

Whichever tour you choose, you will be accompanied by experienced guides who know the horses and the area inside out. They will ensure that you ride safely and comfortably and provide you with interesting information about the surroundings and wildlife. The horses are well trained and reliable so that even beginners can enjoy the adventure.

Please note that some riding experience is an advantage, especially for the full day tour as it is longer and more challenging. It is recommended to wear comfortable clothing suitable for the weather conditions and riding, and to bring sunscreen and insect repellent.
